

successes all over the world are in large part attributed to the brethren in WestArk and their C.U.R.E. ministry. C.U.R.E. arrived this week and brought a load of reef supplies and then picked up six pallets of canned food and took them to the Rosemark congregation in Memphis, TN.

Here is an email from Mat Griffin about the recent load. There is also a link to a media report that you may want to watch.

We will put one of these labels on every family bucket and bucket of rice that will be delivered in the relief effort. This label is in Creole and says:

*We are praying for you
You are in our hearts (we love you)
Churches of Christ*

Here are some pictures of events from the past few days...

Carolyn Brown, Eddie Durham from the Cloverdale congregation (Searcy, AR) bring some of the buckets packed by that congregation

Buckets were packed by members of the College congregation (Searcy, AR) and are arriving at the warehouse on a regular schedule.

Ron Finley and David Lawyer (College congregation) stand in front of 576 packed buckets after moving them to the loading stage at the warehouse

42,000 pounds of Arkansas rice was ordered from Stuttgart, AR and will be delivered next week. We purchased this rice with your donations.

In the mailbox from Danville, AR:

I saw the great effort on TV the other day and thank our Great Heavenly Father for your Church and the wonderful effort you are doing. Even though I had contributed to the American Red Cross I am sending this check because the Buckets for Christ was so touching. God bless each and every one of you!
