## Spring Mission Trip Reports!

From April 26-May 22 I was in Ukraine. During this visit I sent back daily reports of the activities involved in the trip. If you missed any of the daily reports and pictures you can access them by going to [www.kachelman.com](http://www.kachelman.com) and clicking on the flag of Ukraine. These are also available at the Judsonia Church of Christ website ([www.judsoniachurchofchrist.org](http://www.judsoniachurchofchrist.org)).

The recent trip was most successful as I travelled to Kyiv, Donetsk, Kramatorsk, Krasnoarmeisk, Ivano-Frankivsk, Starry Lisets, Yarmeche, and other locations. This monthly report is devoted to the spring mission trip. At the end of the news from Ukraine, you will find two reports from our brothers Immadi and Vijay regarding the Lord's work in India.

Thank you to those supporting these efforts!

## Highlights of the spring mission trip!

Full details of the mission trip can be obtained by downloading the daily reports found at the web sites listed above. However, there are a few highlights that I feel are most significant and deserve a special mention.

*The wisdom of God in designing the purpose of the local church is evident.* Ephesians 3:10 states that through the local Church the wisdom of God is to be seen. This answers those who claim the local church is unnecessary and can be regarded with little attention or redesigned to fit member's personal tastes. In visiting a number of congregations in Ukraine, I was impressed with the fact that the situation there is very much like it is in the USA—some local churches have lost sight of their mission! While there are a number of congregations in Ukraine that have ceased to be lights shining into the darkness, I rejoice in the fact that I visited with the church at Kubychev, Kramatorsk, and Ivano-Frankivsk and found them to be holding fast the Lord's lampstand! This is not to say these are the only ones but these are the ones I personally visited. There are other congregations doing well and I would have loved to have had time to visit with them.

*The encouraging progress of the Ivano-Frankivsk congregation.* Ivan Skoleba continues to do an exceptionally good job in laboring to strengthen and mature this congregation. The congregation is studying the Scriptures and is dedicated to understanding what the Bible says and how to practice New Testament Christianity. Their works in the community have resulted in recognition and respect from the governing officials. Ivan sends monthly reports and often he gives an illustration of how the reputation of the Church is growing in western Ukraine. On this trip I was shown the stamped paperwork showing that the Oblast officials had given a piece of prized property to the congregation upon which to construct a meetinghouse. Thanks to the Elizabethtown, KY congregation, we sold a flat in Donetsk and

Our campaign and fellowship were a blessing. We had three baptisms: young brother Vladimir and two sisters—Galina and Natalia.

bought one in Ivano-Frankivsk for the church. This has provided the Church in Ivano-Frankivsk a permanency showing the community that the Church is not some temporary group. The flat purchased is used for Bible Classes and gatherings. The Sunday worship assemblies are still conducted at the Carpathian Hotel conference hall because the flat can only accommodate comfortably 15-18 people. Not only is the flat used for the Bible studies during the week and gatherings of the congregation, but it is being used to teach children's Bible classes and English classes. It is encouraging to see more and more children present when the Church assembles. A special request was for flannelgraph teaching visuals for the children and John Durham was able to locate these. When you read Tanya's report, you can see the desire of the Church to learn the Scriptures as she discusses the curriculum of the special Bible classes that Ivan is teaching. I am happy to report that the Ivano-Frankivsk church of Christ is growing in spirit, knowledge, and numbers. It is evangelistically reaching out to those seeking the Truth. It is careful to maintain the purity of New Testament Christianity and to guard itself against the factious and divisive who seek to satisfy their god of Self instead of the Almighty!

*The impact that benevolent shipments is making.* Ivan has worked hard in receiving and distributing containers. This has often been discouraging as he struggled with the ridiculous paperwork and the uncooperative bureaucrats who seem to have no compassion for those in need. The Lord was known for His compassion and His Church is to emulate that facet of His ministry. When His Church reflects this compassion, lost souls gravitate toward such and are saved by hearing and obeying the gospel. Benevolent work is not an end in itself but only the means for the love of God to be demonstrated and salvation accomplished. The brethren in Ivano-Frankivsk are doing a commendable job in keeping the focus on their mission and the purpose of their giving benevolent help.

Here are letters and pictures of your brethren in Ukraine. I hope that as you read these you will rejoice in the great news they bring!

## A greeting from Hannah in Ivano-Frankivsk

Glory to God! Dear brothers and sisters in Jesus Christ!

Our family would like to greet you with the words of our Lord, "Peace to you and your homes." My entire family is thankful to the Lord that we have had such a big family on another continent for several years already. The Lord gave us this family, and this family prays for my family. We can sense that prayer, and they strengthen us both physically and spiritually. Thanks to your prayers my husband who has cirrhosis of the liver has lived for three years already and he is not only alive but is also able to attend services. And praise the Lord!

I am thankful to the Lord for brother John who has been coming to our small congregation for several years to share the Word of God with us. He does not spare his time (that he could spend with his family). Nor does he spare his health to fulfill God's will and save lost souls. Great is his reward in heaven for all the work he is doing. Blessed is brother John and may Lord bless all the family that prays for him when he is gone and that spiritually encourages him.

My dear brothers and sisters we thank you for your kindness that comes

A LETTER FROM VOLODYA  
IVANO-FRANKIVSK, UKRAINE

**“Hello! My name is Vova. I am seventeen years. I am member of church of Christ and a student of Ivano-Frankivsk Bible School. I was born and live in Ivano-Frankivsk. I have been a student of the Bible School for quite a long time. But I was immersed only yesterday. John Kachelman immersed me. I am very happy that I have become a Christian finally. I am sending greetings to all brother and sisters!”**

from your hearts and causes you to send the humanitarian aid. Even in the times of crises you find opportunity to help the needy people. Many people—orphans, elderly—need help. When they receive the things you ship the needy cannot believe the things are given to them free of charge. They rejoice. And for some at times their eyes are filled with tears.

Our hearts hurt for all people whose children have left them and for orphans who are deprived from motherly love. But I am sure that our Heavenly Father has not taken His love from them. On behalf of orphans and elderly people that receive your shipments, that comes from your loving hearts, I would like to thank you.

And now dear brothers and sisters I would like to share some joyful news with you about Lord’s Church in Ivano-Frankivsk. Brother John immersed three souls. The Church rejoiced. Heaven and angels rejoiced because three more souls were saved and our congregation grew by two sisters and one brother.

My beloved, pray for my children Lesa and Igor. As well as my granddaughter Oksana so they will turn and the Lord will save their souls. We their parents have hearts that are broken for their souls. But I believe the time will come when I will see them kneel before the Lord and I will hear their words of repentance and will see tears in their eyes.

May the Lord bless you all and your families with love,

The Seniv Family (Dmitry and Hannah)

## Ivano-Frankivsk sends love & greetings!

Dear John, dear brothers and sisters!

This is Ivan and Sveta and we would like to thank church for giving John Kachelman and John Durham opportunity to visit with us. They taught great classes on Ephesians and First Peter. People at church and our guests were very encouraged. Because of visits from our American brothers the church here grows and become stronger spiritually.

Our campaign and fellowship were a blessing. We had three baptisms: young brother Vladimir and two sisters—Galina and Natalia. We also had visitors who listened very carefully to what was taught in classes. Those who came for the first time were astonished by the atmosphere of love, support, friendship and respect. We had a visitor from Gorlovka—a young man named Anton, who said that he enjoyed fellowship with this small congregation and was edified a lot about the things that he had not known before. We had an English teacher to visit and it was her first time with us (This is the English teacher of our daughter Anya’s school). After classes and fellowship she said she could see a great difference between the relationships in church and in the world, where she works and associates with people. She said, “You’ve given joy to my soul, and I begin to understand what the Bible is talking to people about.”

A young woman by the name of Olya who has a one-year old daughter is also thankful that she was able to learn about God and new life. She has asked for a Bible and now she reads it.

The campaign was a blessing also because we could gather in the office flat and people felt more at ease. It is difficult to explain how having permanent

building is blessing. Those in community see us only as sect if we have no permanent place. It was wonderful blessing to receive documents from city and regional governments stating that they were giving Church property in the center of city to build building. We have to pay for paperwork in order to get this property and that cost is 10,000 grivnas (\$2,000.00). After we get paperwork completed then we can begin building permanent meeting place that will accommodate hundreds! Both John K and John D said they will try to find this money so we will not lose property. From our own congregation we are able to promise 1,000 grivenas toward this purchase (i.e. from John K –this is approximately \$127.00).

We continue Sunday worship services and Wednesday Bible classes. Two sisters baptized by John left for their native town of Krivoy Rog where they attend the congregation where by brother Volodya is a preacher. After John left we had test on Ephesians and 1<sup>st</sup> Peter at the School. Everybody did their best and achieved good results. Now we continue series of classes on the Old Testament and study the Book of Ezra. The most recent sermon preached was about iniquity, where I included and explained this concept from the point of view of the Old and New Testaments. People are very active in attending services.

We continue to distribute humanitarian aid. We received two containers that John sent but there were long delays caused by Port Customs. Port Customs opened and unloaded every item from containers. Some of the equipment is broken and we are missing two tons of clothes. Even the Local Customs in Ivano-Frankivsk was shocked at the way Port Customs destroyed the container. John and Tanya have been told of this and they are once again in war with Customs. The Local Customs in Ivano-Frankivsk cooperate and help us a great deal (ever since John caused some noise about some of the Customs officers). It is good news to report that the Chief of one of Departments in Local Customs, named Lubomir, told us that his mother had broken her pelvis and had stayed in one of the hospital beds that you had shipped us. She had been very comfortable and doctors and nurses could position her as she needed. Lubomir appreciated the work that we do and gave great thanks to the church of Christ for help. It is this kind of reaction from local authorities that is resulting for Church's good in this difficult place of work for Lord.

We also met with the Mayor and Head Doctor of the City Hospital in Yaremche. They are looking forward to getting more help such as Ultra Sound machine and more hospital beds. Both, the Mayor and Head Doctor, would like to thank each one who participated in collecting and loading of the containers.

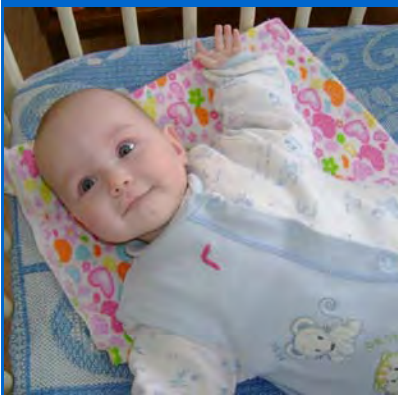

I wish I could say that the Church here has no problems but the Satan is at work in great strength. In May we visited families that used to be in church but had stopped attending. Vitaly and Sveta are facing a lot of personal family problems. They are struggling spiritually. Please pray for them.

Everybody at church is sending you their love and greetings. We are looking forward to having you visit with us and bring your happiness to the fellowship of your brethren here! With all our love we write to you!

With love Ivan and Sveta

## TANYA ZOZULINA REPORTS ON THE SPRING TRIP!

Dearest Brethren! Grace and peace to all of you from our Lord Jesus Christ!

I pray that our most gracious God continues blessing each one of you throughout your lives giving you guidance, assurance, keeping you safe and taking care of every need that you might have! Brethren from Ukraine are sending you their love and greetings as well!

I would like to begin by thanking you for your sincere interest in the life of the Church here in Ukraine. Your support means so much! Your love and care are incredible, which speaks of your true Christian hearts. I would like to give you special thanks for supporting John Kachelman's trips to Ukraine and the great humanitarian work that he and his team are doing to help not only in Ukraine but every nation that suffers and needs help.

John's Bible classes and sermons are always at the top level giving all his audience a better insight into the Scriptures, encouraging and edifying, urging to practice what's taught by the Word. They are always uplifting and giving you incentive to work harder and do more for the Lord. And those are not just words—they are always put into practice. That is why his example is always so "contagious." I remember once he taught a series of lessons on "Contagious Christianity" and he is a good example of one himself. We do need such radiant Christians here as we strive to show true Christianity to people around us who have perverted concepts and are amazed to see Christian love and care manifested.

I must say that Ivan Skoleba is doing a great job sustaining this atmosphere of true Christianity in the Church in Ivano-Frankivsk and people who get to know the Church cannot believe such atmosphere is possible. Another thing is that they are fearful at times to respond to the calling because of the burden of Catholic traditions and upbringing, which, in the majority of cases, is just "nominative Christianity." But the situation is changing, may not be as fast as we want it to be but God is in control, and honest sincere hearts sure will find their way to Him sooner or later. This time there were several visitors who enjoyed the classes and thanked for them. We had another American missionary who visited Church in Ivano-Frankivsk at the same time. It was our brother John Durham and he has been coming for several years to help the Church as well. He taught First Peter and his classes were very good. He is a wonderful brother and we were blessed to have him here as well.

I think the special Bible School that Ivan is directing in Ivano-Frankivsk is doing great and serving its purpose. And I delight to see how the students are drawn to the Word, how they thirst for Truth and are willing to sacrifice a lot to study. All of them come to classes after work, every work day, and stay for two hours studying. That speaks of the desire of their hearts to abide in God's Word. Ivan is going to introduce Master's Program and he has asked me to translate the class materials and curriculum. I would like to list just a few courses they are going to study that prove the seriousness of their intentions and approach: Search for Spirituality that discusses The Concept of Spirituality, Sense of Sacred, Spirituality Actualized (talking about sense of alienation and spiritual need; redemption; responding to God); Spiritual Community discussing different aspects of church; The Hebrew

Scriptures; The Greek Scriptures (Gospels, Acts, Pauline Epistles, Apocalypse); Early Church, etc. These are serious matters and critical to Christians knowing the Truth of Bible. Of course, having their own flat where they can have the School is a tremendous help. First of all, people feel more at ease there plus they have office equipment and supplies that can be used by students. Flat also makes church more efficient in the eyes of "outsiders" and they are more open to contacts. You see that the church there is growing both spiritually and in numbers. I have listed just a few names here but truly all of you who pray for us, who support us in every way, are part of this work and ones to thank God for in the first place.

Humanitarian aid has opened so many doors that I am amazed to realize the scope that God is using it in! John received more invitations to speak—at the Women's Fund in Mariupol where he was told over 400 are members and more would be present when he speaks in Odessa and Crimea and to the Governor in Ivano-Frankivsk. Thanks to humanitarian aid more and more people learn about us and ask us for help. It gives Church opportunity to help orphanages, hospitals, elderly and needy people and talk to them about God showing His love through the deeds. One of those amazing things that God is blessing Church in Ivano-Frankivsk because of humanitarian aid is a free land gift from the City Government! It's just incredible to me! Humanitarian aid has a great impact on all people we have to deal with—even Customs and Militia. Both Johns were invited to the Militia School in Ivano-Frankivsk, which also received some help and they were even given opportunity to shoot targets! I think it was fun. But it also speaks for the Church having good reputation and being respected by the community. The invitation to be guests of honor at the conference in the Sports College also speaks for that. So you can see that all the hard work at the warehouses collecting, storing and loading humanitarian aid is worth it because it opens so many doors for Church to talk to people about God in many different ways—by words, by deed, by love and care. If you could only hear the words of gratitude that come from people's hearts; if you could see tears of joy and appreciation in their eyes! This all is the result of your hard work for the Lord.

I could talk more about successes of humanitarian aid there but you have heard about many of them from John and his reports. I just want all of you to realize and remember (especially when it gets too hot or too cold in the warehouse) that it is a humongous worthy work and I am sure that your heavenly reward is greater than you can imagine and you have countless imperishable treasures stored in the holy places! Thank you on behalf of all your fellow-Christians in Ukraine and on behalf of my nation!

I would like to mention one more thing here. Ivan's dream is to set up a conference with the consignees and beneficiaries that received aid from the Church. He would like for it to be an open conference where other people could come and participate. The purpose is to let the broad masses of people know about humanitarian aid given in the name of the Lord by churches of Christ. Anatoly, the Mayor of Stary Listes, has agreed to let us use the big auditorium in their Palace of Culture. We plan this for October. Please, pray that God gives us guidance and opportunity to implement these plans.

Thank you once again for your tremendous help, for your love to God and

Congregational Picnic in Ivano-Frankivsk

us, for your generous hearts and willingness to help needy so that they would learn that the Lord cares for everyone! I would also like to give my heartfelt thanks to you for making me feel so welcome in your country. You made my trip a joy and a BLESSING! Thank you, my dear Christian family in America! You're in my everyday prayers, and I thank God for you!

With much love! Tanya

## NEWS ON HAITI EARTHQUAKE RELIEF!

To John Kachelman and the churches of Christ (with copies to many friends)

It has been a very difficult last few days, but all four containers have arrived in Gonaives (from the Dominican Republic).

Even though Pacius had all of the correct documents, they had to be taken to the customs office. They asked for three copies (even though there was a copy machine in the room – they sent him out to the town to get the copies). When he came back, they said that the copies were not of adequate quality to see the address of origin (it was on other documents in their hands). They director of customs didn't show up for two days. Then, they sent him to the ministry of finance (change of rules) for another stamping. The finance minister didn't show up on the appointed day. More delays. Then he had to go back to the customs office. For a week, the containers sat at the border with the drivers complaining and calling every day. Finally, two containers came across on Saturday, and Pacius was able to arrive late Saturday night. The shipper refused to have the drivers ready at the border for Monday crossing. Tuesday was a very congested market day. Then, today, they crossed and made it to Gonaives tonight in the dark about 8:30-9:00 p.m. (slow trip because the trucks had to travel over the bad roads at a slower speed). They will be unloading the containers in the morning. Pacius knows to take pictures. He has had little time at home for the last 2-3 weeks. I have not had an e-mail from him for more than two weeks since he has had to spend so much time in Port au Prince. But we know the importance of the pictures.

Dr. Wes Hamilton (dentist who attends Pleasant Valley and who travels with us on our mission trips) told me how thrilled his mother, a member at Mabelvale church, was to see pictures of the buckets that she had helped packed. She had shared the news with their elders and church.

All of the preachers of the area and the six elders of Poteau and other leaders are all working together very hard to quickly get the food out to the needy people. They still have a big job ahead. Please know how profoundly joyful they are as they bring this special blessing to needy members of their community – those who are struggling to support the Port au Prince refugees. Port au Prince representatives are also identifying the overlooked earthquake victims for food that is being trucked there. Feeling abandoned by their own government, distributors and recipients are all quite aware of the love of Jesus Christ and the good will of the people of the United States who are working so hard for them in spite of the government barriers.

In spite of all of the delays, we are excited about the great assistance that US Christians has given us. Again, we cannot say thank you enough. I'll try to get a report out soon. Tonight, I am telling God in prayer how much we appreciate His love and Providence.
